

EXTENDOBED

PRODUCT CATALOG FIRE & LAW ENFORCEMENT

BUILT FOR FIRE AND LAW ENFORCEMENT

Extendobed units for Fire and Law Enforcement are built to be reliable in extremely rugged environments. Each unit can be fully customized to best utilize your vehicle. Extendobeds are designed to organize tools, secure storage, transport equipment, facilitate loading/unloading, and eliminate the need to crawl around in your vehicle. Our durable slideouts are used to increase efficiency and improve safety.

INCREDIBLE CAPACITY

Our units have from 1,000 to 3,000 lb load limits.

UNBELIEVABLE EXTENSION

The only slide that clears the tail-lights for full access.

AMAZING ORGANIZATION CAPABILITY

Our units provide efficient use of your vehicle with equipment storage.

DIAMOND PLATE DURABILITY

DIAMOND PLATE DURABILITY
Every Extendobed unit comes with an industry-leading 20-year limited warranty.

HIGH CAPACITY ROLLER BEARINGS

HEAVY-DUTY ASSEMBLY
Units are assembled with all-steel frames and high capacity roller bearings for years of service.

■ PIONEER INGENUITY

Extendobed invented and patented the first telescoping truck bed slide 32 years ago.

■ UNIQUE CUSTOM DESIGN

Design and customize to fit your specific vehicle and distinctive needs.

■ INDUSTRIAL LONGEVITY

The first Extendobed produced is still operating in the field after 32 years of use.

■ TIME SAVING ABILITY

Load and unload units in minutes with a forklift or by hand.

■ IMPROVED ACCESSIBILITY & PRODUCTIVITY

Reach tools, equipment, and supplies without having to climb into your vehicle.

■ REDUCE INJURIES

Pull your tools and equipment to you instead of awkward positions.

■ SIMPLE TRANSFERABILITY

The ability to transfer the unit from one vehicle to the next.

■ UNWAVERING COMMITMENT

All units are manufactured in the USA.

BASIC SLIDEOUTS

CUSTOMIZE YOUR EXTENDED

Outfit your Extendedobed with custom accessories to make your unit the perfect fit for your needs. Custom drawers, white boards, slideout equipment trays and mounting boards, containment caging and storage dividers are a few of most desired options. By adding the appropriate accessories to your Extendedobed, you will significantly increase the efficiency and organizational capabilities of your vehicle.

START WITH A SLIDING DECK...

- UP TO 3,000 LBS CAPACITY

■ OTHERS (NOT SHOWN): 110 V OUTLETS,
POWER DRIVE, RECEIVER

...AND MANY OTHER CUSTOM
OPTIONS!

Extendobed slideout units make emergency situations more manageable. Our First Response and Rescue Units are designed to put the essential equipment at your fingertips when time is limited. Mobile Command Centers keep your team connected and organized - enabling rapid coordination in the field. Extendobed slideouts provide access to power, radios, and other equipment you may need in emergency situations. Our slideout Command Station and Rescue Units are an economical way to create superior utility in any vehicle.

Extendedbed slideout units provide secure gear storage and instant access. Law Enforcement is presented with new challenges daily, requiring a variety of tactical equipment to be prepared and on hand. Our Mobile Command Centers provide onsite organizational ability and communication within seconds. Extendedbed units safely store SWAT gear, traffic scales, crime scene material, and weapons. Designed with space in mind, Extendedbed products allow departments to be more efficient on the job.

STATIONARY UNITS

Extendedbed Stationary Units are a great solution for organizing and securing the back of your vehicle when a slide isn't needed. Our units provide secure storage while making efficient use of your entire vehicle. We offer customized configurations to meet the needs of any industry. Our stationary units are constructed of aluminum or steel to create superior utility that lasts.

EXPLORERS & INTERCEPTORS

- 200% extension of drawers allows access while maintaining full field-of-view outside the vehicle.
- Allows for access to spare tire if needed in the field.
- Built-in electronics tray with pre-cut wiring slots in back.
- Locking drawers available in single or two-stack design.

TAHOES & DURANGOS

- Available in full and partial bed widths.
- Designed to eliminate smash & grab of your equipment.
- Built-in electronics tray with pre-cut wiring holes in back.

PICKUP TRUCKS - FULL SIZE TRUCKS WITH 5 & 6 FOOT BED MODELS

FULL BED WIDTH DESIGN

- Two separate locking drawers to organize and secure different types of equipment.
- Upgradeable to slide-out design.
- Optional drawer dividers for max storage organization.

HALF BED WIDTH DESIGN

- Half width preserves half of cargo area for other uses.
- Optional drawer dividers for max storage organization.
- Locking drawers available in single or two-stack design.

ACCESSORIES

Outfitting your Extendobed with custom accessories makes your unit the perfect fit for your needs. Slide-out mounting boards, scale racks and locking gun drawers are a few of most popular accessories. By adding the appropriate components to your Extendobed, you will significantly increase the efficiency and organizational capabilities of your vehicle.
