

EXTENDO BED
ADRIAN STEEL

**INDUSTRIAL &
COMMERCIAL**

BUILT FOR INDUSTRIAL TRUCKS, VANS, AND SERVICE BODIES

Extendobed Industrial Units are built to be reliable and last in extremely rugged environments. Our durable slideouts are used to increase efficiency and improve safety in a variety of industries. Each unit can be fully customized to best utilize your vehicle and career need. Extendobed units are designed to organize tools, secure storage, transport equipment, facilitate loading/unloading, and eliminate the need to crawl around in your vehicle.

INCREDIBLE CAPACITY

Our units have from 1,000 to 3,000 lb load limits.

UNBELIEVABLE EXTENSION

Over 100% extension gets our units past the tail-lights for full access.

AMAZING ORGANIZATION CAPABILITY

Our units provide efficient use of your vehicle with equipment storage.

DIAMOND PLATE DURABILITY

DIAMOND PLATE DURABILITY
Every Extendobed unit comes with an industry-leading 20-year limited warranty.

HIGH CAPACITY ROLLER BEARINGS

HEAVY-DUTY ASSEMBLY
Units are assembled with all-steel frames and high capacity roller bearings for years of service.

■ PIONEER INGENUITY

Extendobed invented and patented the first telescoping truck bed slide 32 years ago.

■ UNIQUE CUSTOM DESIGN

Design and customize to fit your specific vehicle and distinctive needs.

■ INDUSTRIAL LONGEVITY

The first Extendobed produced is still operating in the field after 32 years of use.

■ TIME SAVING ABILITY

Load and unload units in minutes with a forklift or by hand.

■ IMPROVED ACCESSIBILITY & PRODUCTIVITY

Reach tools, equipment, and supplies without having to climb into your vehicle.

■ REDUCE INJURIES

Pull your tools and equipment out to you instead of lifting them from awkward positions.

■ LONG-TERM VALUE

Units can be transferred from one vehicle to the next.

■ UNWAVERING COMMITMENT

All units are manufactured in the USA.
